

Name	Mrs. S. SIVASHANKARI	Age/ Sex	30 Yr. /Female
Ref. No.	28473/211010/PAI	Date	21/10/2010

IMPRESSION PETCT:

- Metabolically inactive mediastinal lymph nodal mass – Consistent with inactive disease.
- No evidence of metabolically active disease anywhere in the body.

Comments:

- On comparison previous CT dated on 22.01.2010 there is significant reduction in size (approx. 70%) of mediastinal lymphnodes.
- PET CT features are consistent with good response to therapy.
